### EDUCATION

Eötvös Loránd University (ELTE)

BSc in Computer Science

Sep 2024 - Present

- Focus on programming and web development
- Projects in Python, C, Java, HTML & CSS

### LANGUAGE

Azerbaijani

Turkish

English

### CAREER GOALS

- Build expertise in full-stack web development.
- Create responsive, user-friendly websites.
- Continuously grow and contribute to innovative projects.

### ABOUT ME

Computer Science student at ELTE with a passion for web development and coding. Skilled in HTML, CSS, Python, and C, with experience building academic projects. Seeking opportunities as a Junior Web Developer or freelance website builder. Creative, team-oriented, and driven by problem-solving and continuous learning.

### EXPERIENCE

Freelance Web Developer  
Freelance — 2024-Present

- Designed and built websites for various personal projects and academic tasks using HTML, CSS, and JavaScript.
- Ensured responsive design and cross-browser compatibility for all web pages.
- Worked on front-end user interfaces with a focus on clean code and smooth user experiences.

ELTE — 2024-Present  
Computer Science Projects

- Developed multiple academic projects, including a Python-based Food Ordering System and a Parking Lot Management System in Java.
- Applied problem-solving and algorithmic design in C programming for algorithm-based projects.
- Collaborated with peers to create solutions, demonstrating strong teamwork skills.

### SKILL

Web Development  
PYTHON  
C  
Web Programming
